| Control                  | Propiedad modificada                 |
|--------------------------|--------------------------------------|
| MenuStrip1 (MenuStrip)   | Items: Fichero/ Abrir/ Salir         |
| OpenFileDialog1          |                                      |
| PictureBox1 (PictureBox) | SizeMode: StretchImage<br>Dock: Fill |

### Código

```
Public Class Form1
```

```
    Private Sub AbrirToolStripMenuItem_Click(sender As Object, e As EventArgs) Handles  
AbrirToolStripMenuItem.Click  
        If OpenFileDialog1.ShowDialog() = Windows.Forms.DialogResult.OK Then  
            PictureBox1.ImageLocation = OpenFileDialog1.FileName  
        End If  
    End Sub
```

```
    Private Sub SalirToolStripMenuItem_Click(sender As Object, e As EventArgs) Handles  
SalirToolStripMenuItem.Click  
        Me.Close()  
    End Sub
```

```
    Private Sub Form1_MouseWheel(sender As Object, e As MouseEventArgs) Handles  
Me.MouseWheel  
        Me.Width += CInt(Me.Width * e.Delta / 1000)  
        Me.Height += CInt(Me.Height * e.Delta / 1000)  
    End Sub
```

```
End Class
```
